

KS4 GCSE Business Studies Curriculum Map 22-24

To understand business concepts, business terminology, business objectives, the integrated nature of business activity and the impact of business on individuals and wider society.

To equip students with the skills to apply knowledge and understanding to contemporary business issues and to different types and sizes of businesses in local, national and global contexts.

To provide students with the opportunity to develop as enterprising individuals with the ability to think commercially and creatively to demonstrate business acumen, and draw on evidence to make informed business decisions and solve business problems in a resilient way.

To allow students to investigate and analyse real business opportunities and issues to construct well-argued, well-evidenced, balanced and structured arguments, demonstrating their depth and breadth of understanding of business.
